WoolFelt & Matching Floss -

[Prairie Point Junction](#) (online retail).

## Materials:

---

- National Nonwovens WoolFelt / DMC Six-Strand Embroidery Floss to match WoolFelt (use three strands at a time):
  - ½ yard (or two 12" x 18" pieces) Pixie Pink / DMC316
  - 5" piece Field of Lilacs / DMC157
  - 5" piece Rose Petal / DMC718
  - 5" piece Barnyard Red / DMC3777
  - 5" piece Purple / DMC327
  - 5" x 8" piece Denim / DMC3750
- Large-eyed chenille needle, straight pins, scissors, freezer paper, pen or pencil, glue stick, iron.

## Preparation:

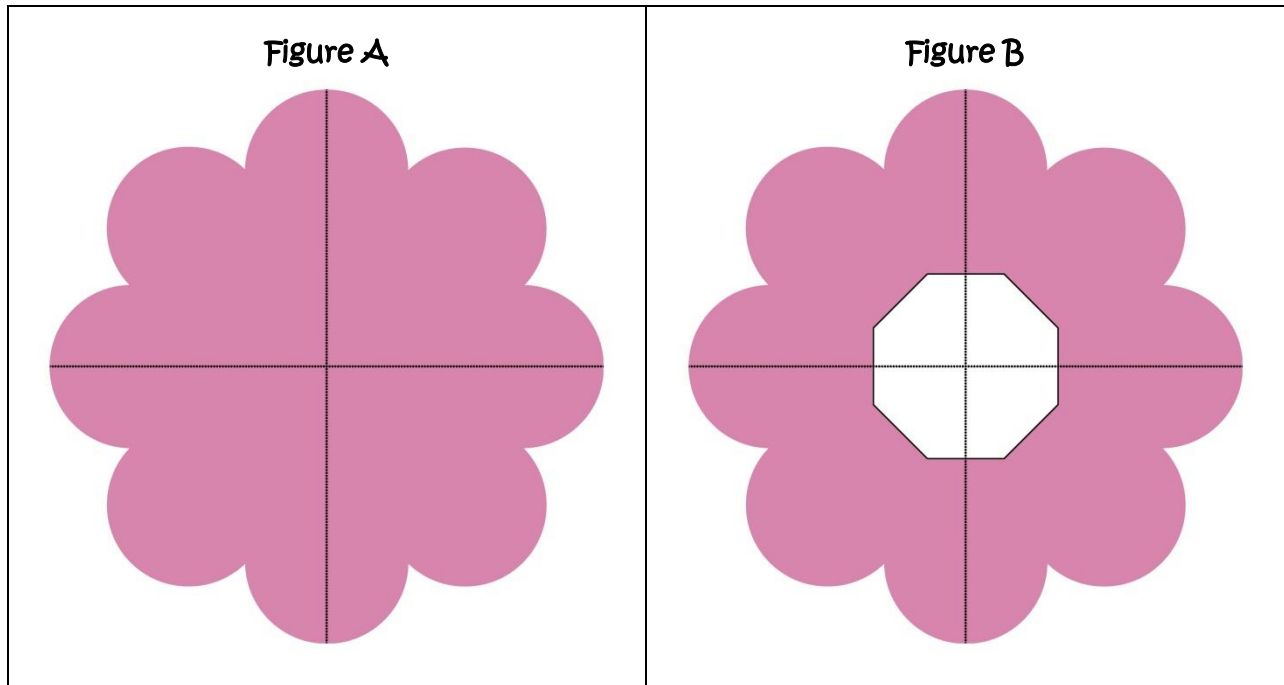

---

- Trace all pattern pieces onto freezer paper and cut out in the numbers indicated. (Note: The center guide will be cut only from freezer paper.)
- To use the freezer paper templates, place them shiny side down on the WoolFelt. Set the iron to the wool setting with no steam; the iron must be dry. Iron the freezer paper onto the WoolFelt, pressing down for a few seconds until the freezer paper sticks.
- Cut the pattern pieces out of the WoolFelt in the following quantities:
  - Cut one complete scallop from the Pixie Pink WoolFelt. Reserve the remaining Pixie Pink WoolFelt to cut the backing later.
  - Cut eight bottle tops from the Denim WoolFelt.
  - Cut two polish bottles from each of the remaining colors of WoolFelt.
- Use the glue stick to adhere smaller applique pieces before stitching.
- Use three strands of matching floss for all stitching. (Note that all stitching is shown in white or black but should be sewn in floss that matches the WoolFelt colors.)

## Assembly

---

- Fold the Pixie Pink scallop in half and press with an iron set to the wool setting. Open, fold in the other direction and press again. Open. (See Figure A.)
- Fold the center guide template in half and crease. Open, and fold again in the other direction. Open. Position the template in the center of the scallop, press with the iron set to the wool setting with no steam. (See Figure B.)
